

Bug Summer

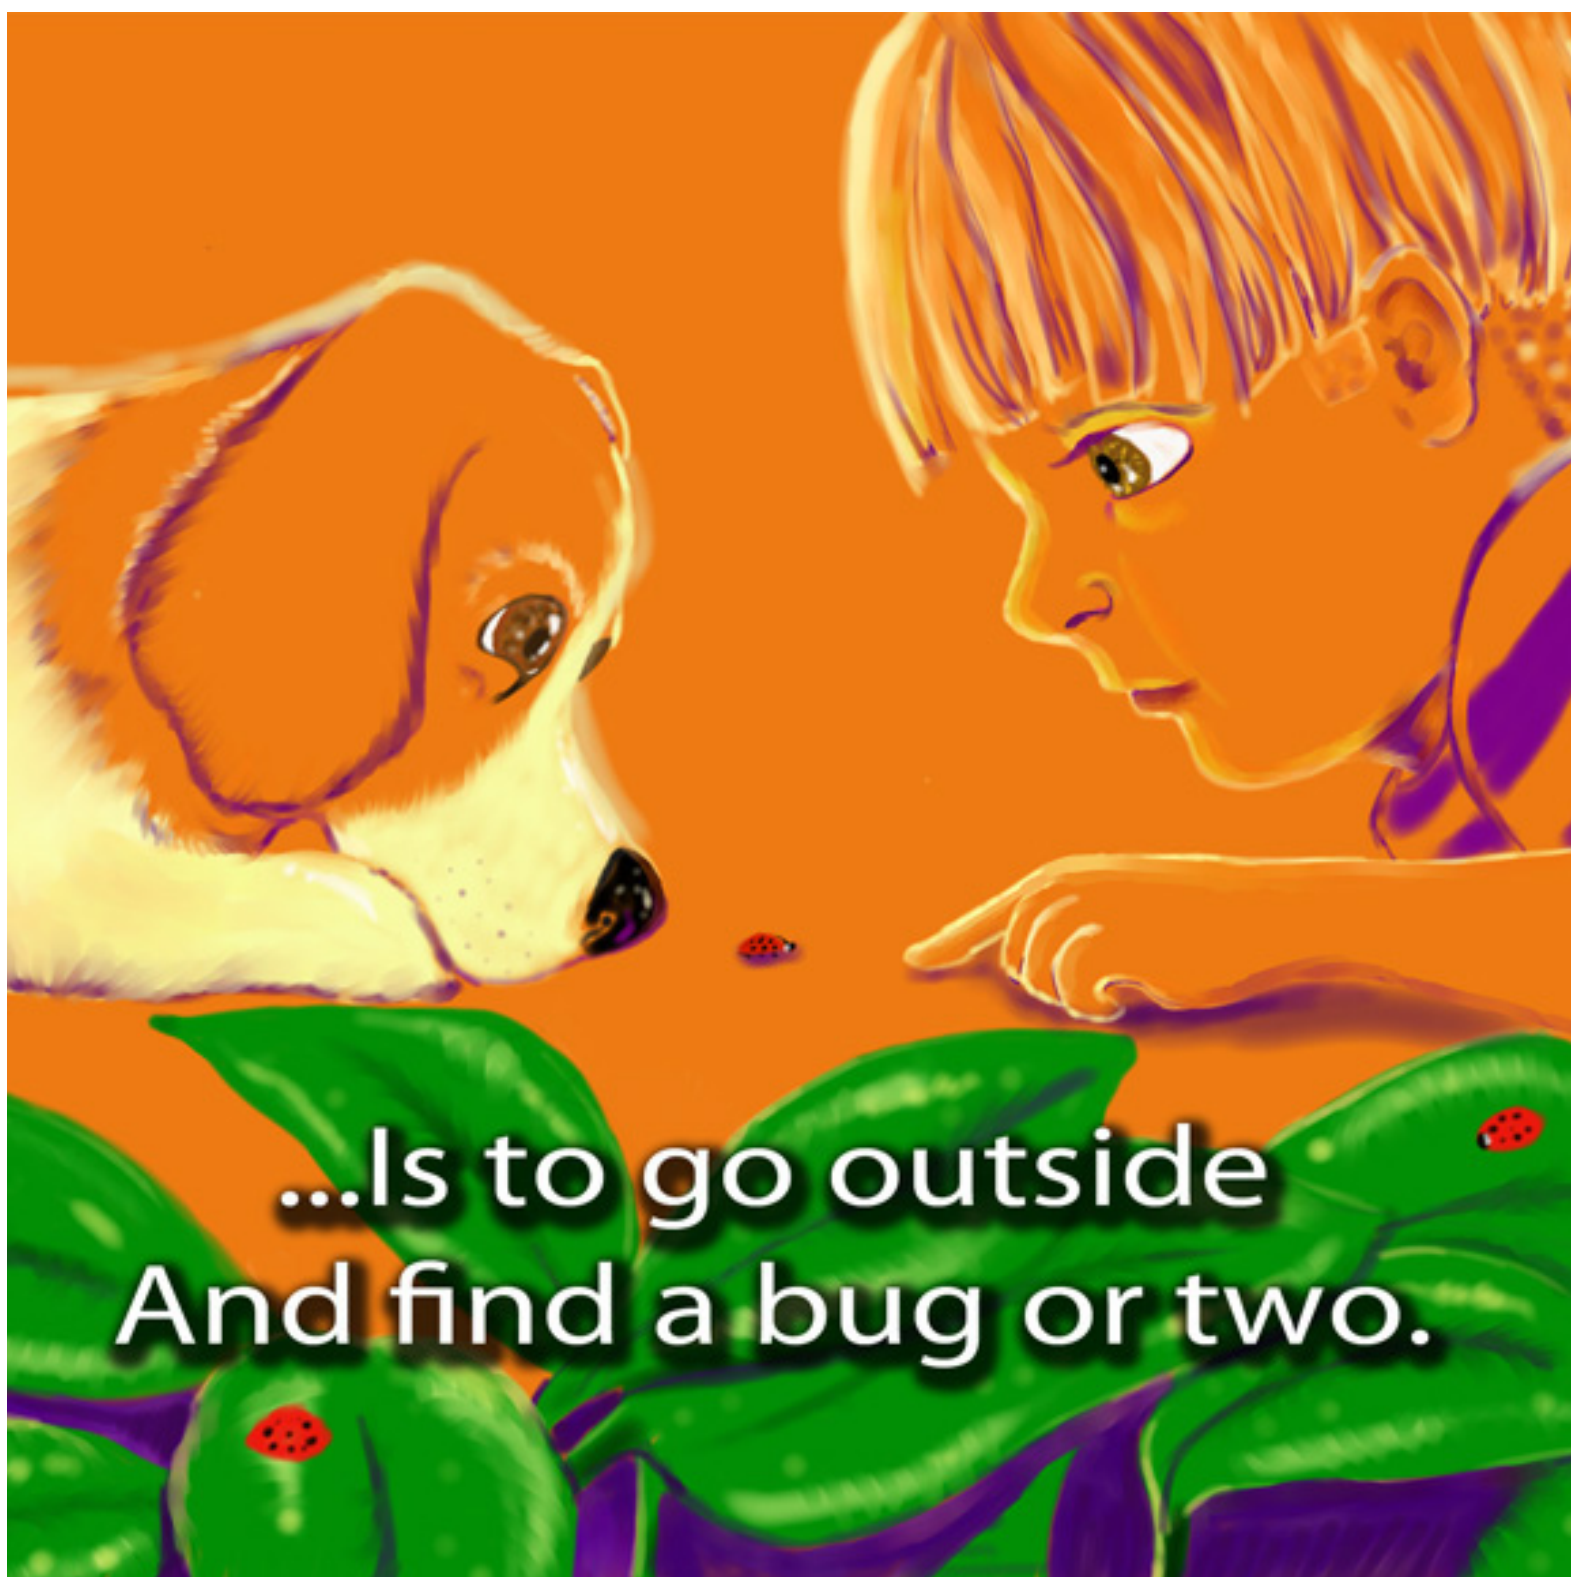

The Beginning

By Tracy Lovett

www.inclementiowa.com

When summertime comes
The best thing to do...

Spiders can be found...

...In Flowerpots!

Caterpillars are creeping slow.

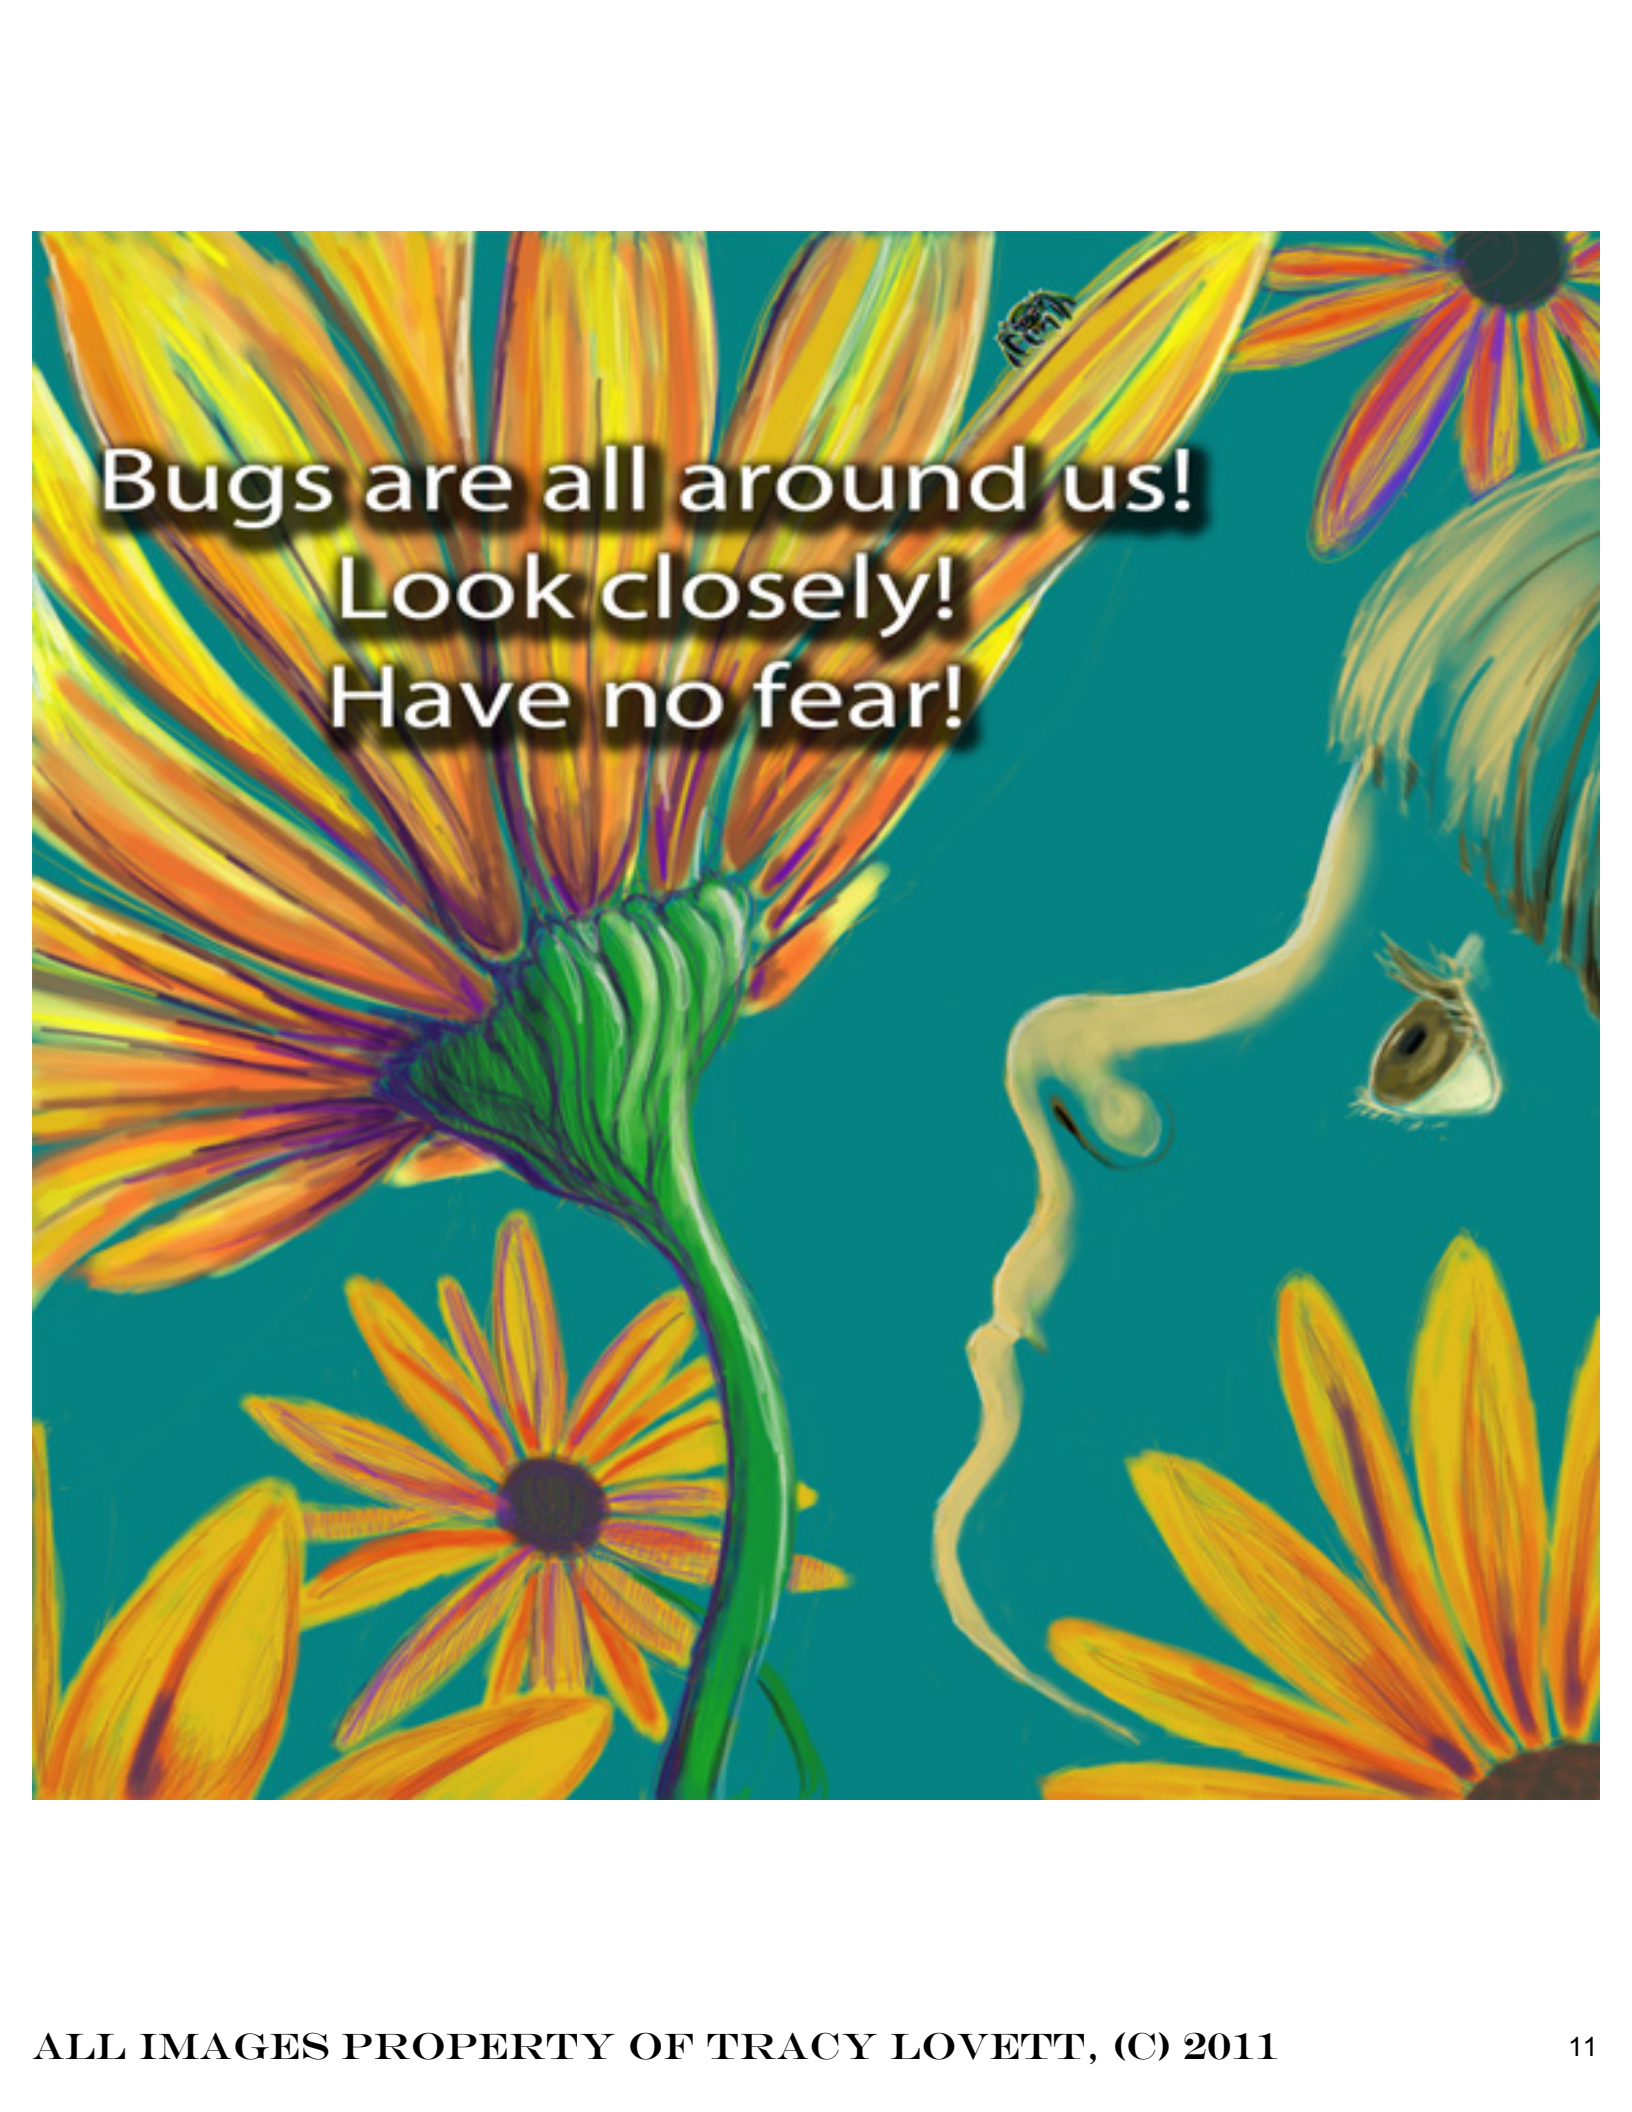

Locusts sing
A summer tune.

Moths fly by
The light of the moon.

**Bugs are all around us!
Look closely!
Have no fear!**

Bug Summer is AWESOME!
Bug Summer is HERE!
